

R0.74S STEP 15 | HYBRID FLUX EQUIVALENCE AND TERMINAL-CROWN INTERFACE

A One deletion set for both residual branches

B Terminal crowns isolate the missing PDE charge

Signed common-window cancellation still carries the start-clock overshoot debt (S.395).

Claim boundary: S.342 and S.407 are OPEN. Q.1, regularity, and the Millennium problem remain OPEN. Analytic schematic - not simulation or DNS.
